

Montgomery County Community College  
MUS 232  
Aural Theory 2  
3-3-0

**COURSE DESCRIPTION:**

Aural Theory 2 is for students who wish to continue developing their ear training and musicianship skills. The course is designed to prepare students to be successful as music or music education majors, or to hone musicianship skills for non-majors. Individual and group classroom activities and computer-assisted drills will be used to develop the student's ability to analyze and synthesize musical materials. Previous experience in sight singing and dictation is required.
